

YD 99 – Bones, bitul issur lekatchila

- **1. Bones of issur.** Provided that there is no marrow (*moach*) in the bones¹, even the bones of issur are counted together with the heter to mevateil the forbidden meat (since they are not subject to eating). According to **Remo**, this heter is applicable only *b'makom hefsed*. Without this, the heter bones are counted with heter, but the issur bones are not counted with either group (**Shach**).
